

Reliable and smart mobiles for mission critical communications.

Designed for mission-critical environments, Tait DMR offers a secure and reliable digital communications solution based on the DMR standard.

The TM9300 mobiles offer conventional and trunked DMR operation as well as full MPT 1327, and conventional FM functionality in one device.

KEY FEATURES

- ▶ Future proof multi-mode mobiles (DMR trunked, DMR conventional, MPT 1327 and conventional analog FM)
- ▶ Roaming between MPT and DMR Tier 3 trunked networks
- ▶ Easy to install handheld Control Head (HHCH)
- ▶ Roaming between FM Conventional and DMR Tier 2 Conventional Networks
- ▶ Open DMR standard provides choice and interoperability
- ▶ Engineered for use in demanding environments with IP54 rating
- ▶ Crystal-clear audio quality
- ▶ A range of configurable models and accessories are available to suit various applications
- ▶ Packet Data over Traffic channels
- ▶ GPS capable to improve efficiency and safety
- ▶ Encryption supported
- ▶ Optional control head colors available

FEATURES AND BENEFITS*

TM9300 features to improve workforce safety

- ▶ Lone Worker as standard
- ▶ Crystal-clear voice so the operator and user will understand the message
- ▶ Emergency calls have priority access to the network, and can be integrated with a GPS location solution

Improve your organizations efficiency

- ▶ Text messaging for enhanced and unambiguous communications
- ▶ Pre-defined status messages for a fast response in common situations

Privacy feature

- ▶ Trunked operation allows for individual and private calls within designated groups
- ▶ Optional 56bit DES encryption ensures privacy of conversations

Facilities to improve network security

- ▶ When operating in DMR mode all terminals must be authenticated on the network before they are given access
- ▶ Stun and Revive are implemented to temporarily deny a specific mobile access to the network

Designed to perform in demanding environments

- ▶ Graphical control head, capable of local or remote operation. The remote configuration can also

support a single or dual head.

- ▶ Hand Held Control Head option, either local or remote operation
- ▶ Tough die-cast metal chassis with IP54 rated casing, giving protection against dust and splashing water

Voice communications delivering on operational needs

- ▶ Quad mode terminal offering Trunked DMR, Conventional DMR, MPT 1327 and analog conventional FM in one device
- ▶ Roaming between MPT 1327 and Trunked DMR networks
- ▶ Roaming between Conventional FM and Conventional DMR networks
- ▶ Individual calls provide privacy between individuals
- ▶ Group calls allow separate teams to communicate amongst themselves without having to listen to irrelevant traffic
- ▶ Increased channel capacity with support of up to 2,000 channels
- ▶ Analog capability includes Priority and Dual Priority, Editable, Zone and Background Scan
- ▶ PSTN dialing allows a user to make phone calls on DMR systems that support telephone interconnect
- ▶ Crystal-clear voice quality
- ▶ Shared menu structure between 9300 terminals

Complete package with accessories portfolio

- ▶ Audio accessories are available including microphones, speakers and a remote kit for hands-free

operation in the car

- ▶ Variety of power supply units are available for your region and your specific application
- ▶ Vehicle installation kits for different mounting options
- ▶ Programming and service kits for ease of configuration and set up

Data Services

- ▶ Embedded data for location
- ▶ Short data messages for location, status and text
- ▶ Packet data over traffic channels for work force Management, Telemetry, SCADA and customer specific applications

Color Options

- ▶ TM9300 mobiles are available with black, yellow or green control heads.
- ▶ TM9300 mobile Hand Held Control heads are available in black, yellow, green and red.
- ▶ These color options make it easier for workgroups to identify their equipment in the field.

* Not all features are supported in all modes of operation. Feature comparison tables are available in the full product catalog.

GENERAL

Frequency stability	±0.5ppm (-22°F to 140°F/-30°C to 60°C)
Channels/zones	1,000 - 2,000 channels/50-100 zones
Talk groups	26 talk group lists comprised of up to 1,000 - 2,000 members each
Scan groups	300 with up to 50 members each, maximum of 2,000 members total
Dimensions	
Body - in (mm)	Height 25W: 2.1 (52), 30W/35W/50W: 2.1 (52) Width 25W: 6.3 (160), 30W/35W/50W: 6.3 (160) Depth 25W: 6.9 (175), 30W/35W/50W: 7.7 (195)
Graphical control head - in (mm)	Height: 2.8 (71), Width: 7.24 (184), Depth: 1.38 (35)
Weight - lb (kg)	
Body	25W: 2.6 (1.2), 30W/35W/50W: 3.1 (1.4)
Control head	0.73 (0.33)
Channel spacing	6.25/12.5/15/20/25/30kHz
Frequency increment/channel step	2.5/3.125/5/6.25kHz
Operating temperature	-22°F to 140°F (-30°C to 60°C)
Water and dust protection	IP54
ESD rating	+/-4kV contact discharge and +/-8kV air discharge
Rated audio	3W (internal speaker)
Power supply	DC: 10.8-16VDC, AC: Desk top PSU - 100 to 130V or 200 to 250V
Digital Protocol	DMR: ETSI TS 102 361
Signaling options (Analog)	MDC1200, encode and decode, Two tone decode, PL (CTCSS), DPL, (DCS), Selcall
Vocoder type	AMBE +2™
Packet Data	1/2 Rate, 3/4 Rate, Full rate, Single Slot

1 The UHF band radios are approved for use in Citizen Band in Australia and New Zealand when programmed to meet the requirements of AS/NZS4365. Tait cannot guarantee full performance to the published specifications when the 400-470MHz band radios is operating at the CB frequencies.

2. Wideband operation is not available in the USA in some bands.

3. 25 Watt models only.

TAIT DMR SOLUTION

Backed by our proven radio network expertise, the TM9300 mobile is part of our larger DMR offering. The Tait DMR solution consists of terminals, infrastructure, applications, services and integration with third party interfaces to ensure that your organization can reap all the benefits of the spectrally-efficient DMR standard in a mission critical environment.

Specifications are subject to change without notice and shall not form part of any contract. They are issued for guidance purposes only. All specifications shown are typical.
